

Brewer Compatible Single Serve Cup

A More Sustainable and Efficient Solution for Single-Serve Coffee

Consumers want an easy-to-brew, fresh cup of great tasting coffee. And, the recyclable Single Serve Cup from Jabil Packaging Solutions helps you give them just that.

Our cups ensure lasting product freshness for coffee and other hot beverages because our superior barrier protection keeps water and oxygen out, and product flavor and freshness in. We do that by offering the advantages of co-injection technology to coffee manufacturers ensuring sustainability, product quality, packaging consistency and overall high performance.

- Encapsulated Barrier Protection
- Less Need for EVOH
- Uniform Wall Thickness
- SQF Edition 8.1 FSC 27 Certified

Consider the Brewer Compatible Single Serve Cup, a more sustainable and efficient solution for single-serve coffee.
